

Star STYLE

I can't believe that 31 years ago I unleashed my first Best & Worst-Dressed list – a tongue-in-cheek jab at our Kiwi celebrities' wardrobes – right here in the *Weekly*. I've always believed fashion should be fun. Both men and women should take the styles and colours that suit their personality best and leave the rest. Always create your own style. Anyone dictated to by the fashion of the moment is usually rather boring. Fashion should always work for you, never the other way round. My annual list is, of course, my own opinion, which I'm sure the celebrities wish I'd keep to myself – especially those who end up on my worst-dressed list. So here is my Best & Worst-Dressed list for 2011.

David Hartnell

STAN WALKER
SINGER

He gives you the feeling he's not interested in clothes, but his "whatever" fashion attitude looks good on him and he wears it well.

ROBERT RAKETE
RADIO HOST

This guy is a dynamo when it comes to his wardrobe – he always has a clean-cut look. He's a class act!

DREW NEEMIA
TV HOST

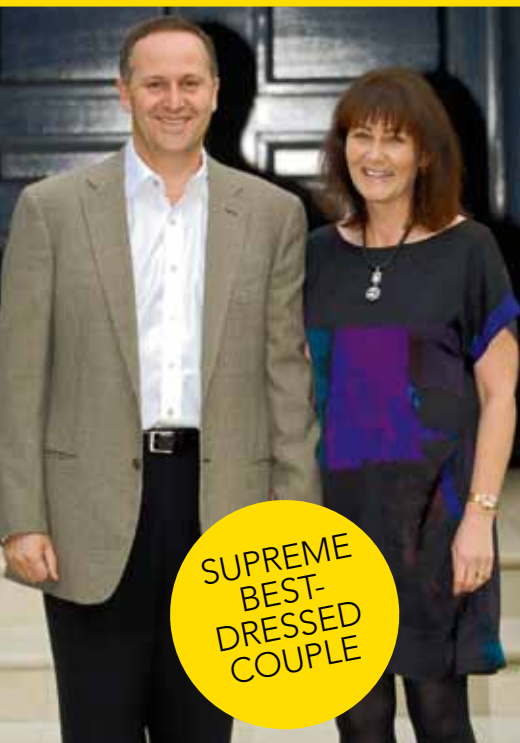

His relaxed "I don't care" quirky fashion attitude is a winner – it's cutting edge, modern and looks very together.

IDO DRENT
ACTOR

He has a way with clothes no matter what he wears – his unique fashion style approach works a treat for him.

BEST-DRESSED MEN

SUPREME BEST-DRESSED COUPLE

JOHN KEY
In 31 years of doing my Best & Worst Dressed list, no one has ever held the Supreme Award for two consecutive years, until now.

Style without substance means nothing, but John Key has them both in abundance. Casual

or formal, his wardrobe is always cutting edge. He knows exactly what looks good on him and he goes for it.

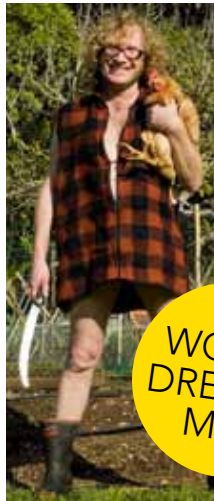

BRONAGH KEY
Bronagh's fashion is always stunning. Her impeccable individual look gives her both style and panache.

NZ 2011

PAUL HOLMES
TV & RADIO HOST

You could put all his fashion know-how into your right eye, and still not get impaired vision. Hello? Does Paul suffer from wardrobe dyslexia?

TE RADAR
COMEDIAN

Oh my god! His wardrobe is a terrifying experience. I feel I need a tetanus shot just looking at it.

STU TOLAN
RADIO HOST

His wardrobe has turned many a head in its day – along with a few stomachs. If bad dress sense were a perfume, he'd reek of it.

BEN HURLEY
COMEDIAN

Two words describe his wardrobe – excruciating and boring. Ben dresses with as much flair as an old toothpick wrapped in a used paper napkin.

WORST-DRESSED MEN

RICHE MCCAW
ALL BLACKS
CAPTAIN

He could be a clothes horse for any international fashion magazine spread. Casual or formally dressed, his fashion look is solid gold.

SALLY MARTIN
ACTRESS

Her wardrobe is a slam-dunk every time. If she gave up acting, she could have a new career as a fashion stylist.

JEANETTE THOMAS
TV HOST

She's one of the most stunning women on TV, her wardrobe rocks, and her style is hotter than a footpath at the height of summer.

LADY JANINE MATEPARAE
WIFE OF THE GOVERNOR-GENERAL

Three words sum up her timeless wardrobe – tailored, stylish and elegant. She always looks sensational!

PAULA PENFOLD
JOURNALIST

Her look has resplendent style – she's certainly got the Midas touch. Paula wears her clothes well and never lets them wear her. Bravo!

ANNA HUTCHISON
ACTRESS

This stunning woman is Google on legs – when we see her outfits, we want to look them up. Anna's truly been touched by the fashion angel.

1 Best & Worst Dressed

JEREMY WELLS
EX-TV HOST

I'm surprised that his shadow wants to stay with him wearing those clothes – his fashion sense is as bad as a zit on the Mona Lisa.

JAY-JAY FEENEY
RADIO HOST

She's a great DJ, but Jay-Jay's wardrobe is so comical, it could bring a smile to a botox-filled face. She should be awarded first prize in a style-free event.

NIKKI KAYE
POLITICIAN

Her wardrobe is cheesier than a lump of old cheddar. Angelina Jolie will get cellulite before Nikki's wardrobe becomes stylish.

SUE BRADFORD
POLITICIAN

Does she dress from the dregs of the fancy dress box? The only thing that would improve her look would be distance, like, shall we say 2000m?

SONYA WILSON
TV HOST

She's an excellent presenter, but puh-lease, her look is like having haemorrhoids – they keep coming back even more painful than before.

LEAH PANAPA
RADIO DJ

Her fashion is like a bad car accident on the motorway – you can't look at it and you can't look away. The fashion police should pick her up as soon as possible!
