About Us and the Member Benefits Programme

GrownUps continues to strive in delivering our members with the best content and online social club for kiwis over 50. As one of the most important and growing groups of New Zealanders, we wanted to provide for you the one place to go to for relevant and engaging articles across all areas of interest – the chance to have your say, share stories, meet like-minded people and keep the mind sharp with engaging games & puzzles

One of the areas we have been researching & working hard on is what further benefits could we provide for you our valued member. So in early in 2019 we specifically went looking for a product or service which we knew could offer GrownUps member discounts and / or benefits across a range of household and personal expenses.

And as luck would have it, we found the right solution. We met up with a company called Nice1 who specialize in providing member benefits to a range of organizations from businesses to schools and sports clubs right across New Zealand. Nice1 have helped GrownUps to build an extensive programme for our membership right away. We are starting with a range of discount and / or benefits across categories such as automotive, power & gas, home & garden, health & lifestyle, insurance and travel and we are expecting to see these categories and suppliers across all rapidly grow over the coming months too.

Members can access the programme online through GrownUps.co.nz AND download an App to their phone which will be useful when out shopping. Every month we will also release monthly promotions from our partners which will save you even more! Download instructions for the App is noted below.

Features of the GrownUps Member Benefits App include

MEMBER Benefits

Member Benefits – Benefits covering a range of household expenses with more being added all the time.

Games – Need to fill in some time? Play your favourite games you do at the moment.

Monthly Specials – Each month there will be specials for you!

Competitions – Enter all the competitions being run on the web site from your phone.

Latest Newsletters and Articles – Enjoy the Grownups articles from your phone.

MEMBER BenefitsPlus

Member Benefits Plus In October upgrade your programme to access over 1000 offers saving you money on even more!

How to Access Your Benefits

STEP 1:

Firstly download the App from the App or Playstore. Just search for 'GrownUps NZ' and you will find us!

STEP 2:

Follow the instructions and register. Please note that you are registering a new account separately from your GrownUps member login.

STEP 3:

Enjoy!
